

Clipaje de Aneurismas Asistido por Endoscopia Integrada (QEVO)

Broseta Blasco, J; Capilla Guasch, P; Molés Pérez, P;
Quirós Martí, M; Quilis Quesada, V.

Micro -inspección asistida integrada

- Óptica angulada a 45°.
- Integración total con microscopio quirúrgico.
- Visualización inmediata en oculares (Picture-in-Picture).
- Maniobrabilidad en corredores estrechos.

Protocolo de verificación post-clipaje

Conclusión

La visión microscópica en ocasiones es insuficiente para garantizar el clipaje perfecto en 360°.

La micro-inspección post-clipaje detecta remanentes y conflictos vasculares ocultos.

QEVO ofrece una integración ergonómica que facilita la verificación sistemática.

MICRONEUROSURGICAL & ENDOSCOPIC HANDS-ON COURSE

COURSE DIRECTOR

Vicent Quilis-Quesada,
Spain

Chief of Neurosurgery Department,
University Clinical Hospital
of Valencia (Spain).

COURSE CO-DIRECTORS

**Juan Carlos
Fernández-Miranda,**
USA

Surgical Director,
Stanford Brain Tumor Center,
Co-Director, Stanford Skull Base Surgery
Program, Stanford, California (USA).

Wen Hung Tzu,
Brazil

Associate Professor,
Division of Neurosurgery,
Hospital das Clínicas, University of São Paulo
Medical School (Brazil).

Ali F. Krisht,
USA

Director of the Arkansas
Neuroscience Institute
at CHI St. Vincent,
Little Rock, Arkansas (USA).

Carolina Martins,
Brazil

Neurosurgeon, Professor,
Neuropsychiatry Department,
Federal University of Pernambuco (UFPE),
Recife (Brazil).

Mateus Reghin,
Brazil

ICNE-SP Institute of
Neurological Sciences of São Paulo,
IAMSPE Hospital do Servidor Público do
Estado de São Paulo, (Brazil).

Pablo Rubino,
Argentina

Chief of Neurosurgery Service of
the German Hospital,
Deputy Chief of the High Complexity Hospital
of El Cruce, Buenos Aires (Argentina).

INTERNATIONAL FACULTY

João Paulo Almeida, USA

Associate Professor, Department of Neurosurgery
Co-Director, IU Skull Base Surgery Program Surgical
Director,
Pituitary Disorders Indiana University,
Indianapolis, United States of America

Ruben Dammers, The Netherlands

Neurosurgeon at Erasmus MC,
Co-Director of the Erasmus MC Stroke Center & the
Center for Complex
Microvascular Surgery Erasmus MC,
The Netherlands

Marcello D'Andrea, Italy

Head, Skull base and
vascular unit
"M. Bufalini" Hospital,
Ausl Romagna,
Cesena, Italy

ANATOMY APPLIED TO NEUROSURGERY

THE EVANDRO DE OLIVEIRA LEGACY

University Clinical Hospital of Valencia, Spain

June 27th - July 2nd 2026
